Whatever model you own, the Alfa Romeo Owners' Club (AROC) will help you get more enjoyment from your car.

AROC is a friendly, informal association of owners with a common enthusiasm for the marque. In main centres, we meet monthly, stage social events and outings, and many members are involved in club and national motorsport events.

As a club member you'll not only enjoy the camaraderie of other "Alfisti" from all walks of life, but also support and contacts for vehicle service, maintenance, restoration, and race modification.

We have useful contacts with new and used parts suppliers as well as specialist service centres, some of which are operated by club

Some activities incorporate driving training and skill enhancement sessions to help you take full advantage of the legendary sporting attributes of your car.

Our monthly "Alfanews" club magazine and our website (www.arocnz.org.nz) keep you informed about club activities, local and international Alfa news, and technical information. We are also connected to Alfa Romeo Owners' Clubs around the world – useful if you travel elsewhere with or without your car.

members. And of course there are invaluable "word of mouth" contacts as well as resources advertised on our website.

Members are generally recognised by the AROC decal on their car windscreen.

You can also buy various Alfa-related items at our club shop.

Whether your Alfa is new or classic; your only vehicle or one of a collection, you'll find AROC a worthwhile way to share and enjoy "the passion" of ownership.

There's a once only joining fee, then an annual individual or joint membership fee that includes affiliation to MotorSport New Zealand (MNZ).

For more information and a free copy of our magazine contact our Membership Secretary: Margaret Kelly, phone 09 527 3411, email: memsec@arocnz.org.nz AROC, P.O. Box 14 763, Panmure, Auckland 1741.

Or simply complete and return the Membership Application form enclosing payment.
